Solutions for the Innovation Era
from ZIOS Corporation and IBM.

WHEN SOFTWARE IS A SERVICE, GROWTH IS A RESULT.

Business made simple.

How do you respond to rising costs and increased competition? With IBM, ZIOS Corporation and IBM Express Advantage, you'll have access to the solutions your company needs. Your organization will be able to innovate, differentiate, and create new value and profits. Just like that.

The beauty of Software as Services.

Imagine building your business without significant capital outlay. Or having the time to focus on business rather than technology. Or streamlining your business processes so everything works together faster and more efficiently. Or avoiding the seemingly endless hidden costs of application ownership, including hardware, maintenance fees, upgrade fees and so on. This is the beauty of Software as Services. An innovative way to get the enterprise-level functionality you need at a price you can easily afford. Fast, easy deployment. All designed to help you grow your business.

We're your Business Partner.

ZIOS Corporation, founded in 1999, is an innovator of secure wireless solutions. We offer customized software as a service, based on ZIOS's patent pending technology. We strive to provide software that is affordable and easy to use. Our solutions are available worldwide. Our business partners include IBM, Palm, Sprint Nextel, Verizon Wireless, and Cingular Wireless, and together we provide you with a total solution.

ZIOS provides customized software as a service. We are a reseller of wireless telecom and IT products and services.

The value of IBM.

IBM Software can enable you to integrate, access and manage your business environment and help you to respond to rapidly changing market conditions, manage risk, outpace competitors and deliver clear return on investment. IBM Software will help you build and manage a robust infrastructure, one that features interoperability, flexibility, reliability and scalability. Through our relationship with IBM, we deliver innovations that matter to help you compete in an on demand world.

Let's start with an offer.
